## OUR FAMILY

Our family-run company with many years of experience in the hospitality business in Switzerland and abroad welcomes you and your guests in Engelberg.

**Engelberg** is one of the **most popular** summer and winter tourist **resorts** in **central Switzerland**. It is situated in a flat and wide high valley at an altitude of around 1000 metres and is surrounded by mountain ranges such as the 3238-metre Titlis massif. It is only half an hour to Lucerne and one hour to Zurich. The **Titlis is the closest of the over 3,000 metre peaks** in Switzerland to Zurich Airport.

Engelberg has been voted one of the top 10 ski resorts in Switzerland and is also known for its varied skiing and freeriding terrain. In summer, on the other hand, everything revolves around hiking, mountaineering, climbing, biking and golfing. **Engelberg itself impresses** with its individual, rustic and **authentic Swiss character**.

We have **many years of experience** in hosting group tours and are characterised by our family environment and attention to detail. We are the **ideal partner for groups** of up to 44 people in family or shared rooms or for smaller groups in single and double rooms.

As we own and operate several houses in Engelberg, **we are looking for new partners** for the summer months. We are also **open to unconventional requests or solutions** and are there for you personally.

Your host, **Frank Henri Kurer and his team** look forward to your enquiry and hope to welcome you and your guests very soon.
